

An IDSSD-endorsed programme

Image from LAAAMP website

Contributing to the Sustainable Development Goals

Coordinated by

LAAAMP

Partnered by

African Light Source (AfLS)
Greater Caribbean Light Source (GCLS)
Iranian Light Source (ILS)
Puerto Rican Light Source (PULS)
Central Asian Synchrotron Light Source (CASLS)

OUR ACTIVITIES

Capacity building

Training the next generation of scientists

International partnerships

Building networks and sharing expertise

Synchrotron access

Enabling research at world-class facilities

Strategic roadmaps

Developing light-source ecosystems and infrastructure plans

Policy engagement

Advocating for science, innovation and investment

OUR IMPACT

Growing advanced light-source ecosystems

Expanding scientific opportunities across regions

Connecting regional initiatives and communities

Supporting sustainable innovation and societal challenges
